When to use Primary Care vs Urgent Care with CloseKnit

If you're a CloseKnit Primary Care patient, you can see your Care Team for sick, preventive, and follow-up visits. However, there may be times when you want to access urgent care for a quick visit. Follow this guide to know whether you should use CloseKnit Primary Care or CloseKnit Urgent Care:

	Primary Care	Urgent Care
Sick visit and CloseKnit is your primary care provider	✓	
Sick visit and CloseKnit is not your primary care provider		✓
Chat with your Health Guide	✓	
Preventive/wellness visit	✓	
Chronic condition management	✓	
Schedule time with a provider you know	✓	
Get help with care coordination and referrals	✓	
See the next available provider		✓
Access a provider during off-hours and holidays		✓
Sick visit for child (ages 2-17)		✓

Am I eligible?

There are only two requirements for registration:

1. Adults 18+ can sign up (dependents ages 2-17 can be added to your account)
2. Must have a CareFirst BlueCross BlueShield health plan, including CareFirst Medicare Advantage and CareFirst Community Health Plan Maryland (some exclusions apply)
